

Select 5 screens

MAD and PWA Lab

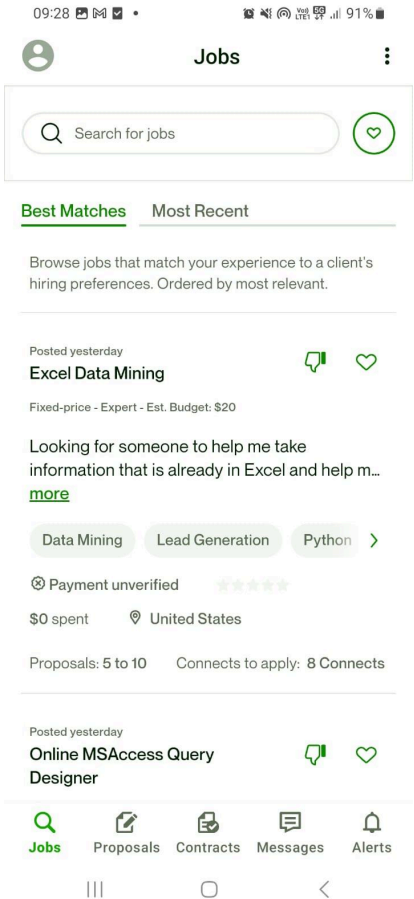

Name: Om Gaikwad

Class: D15A

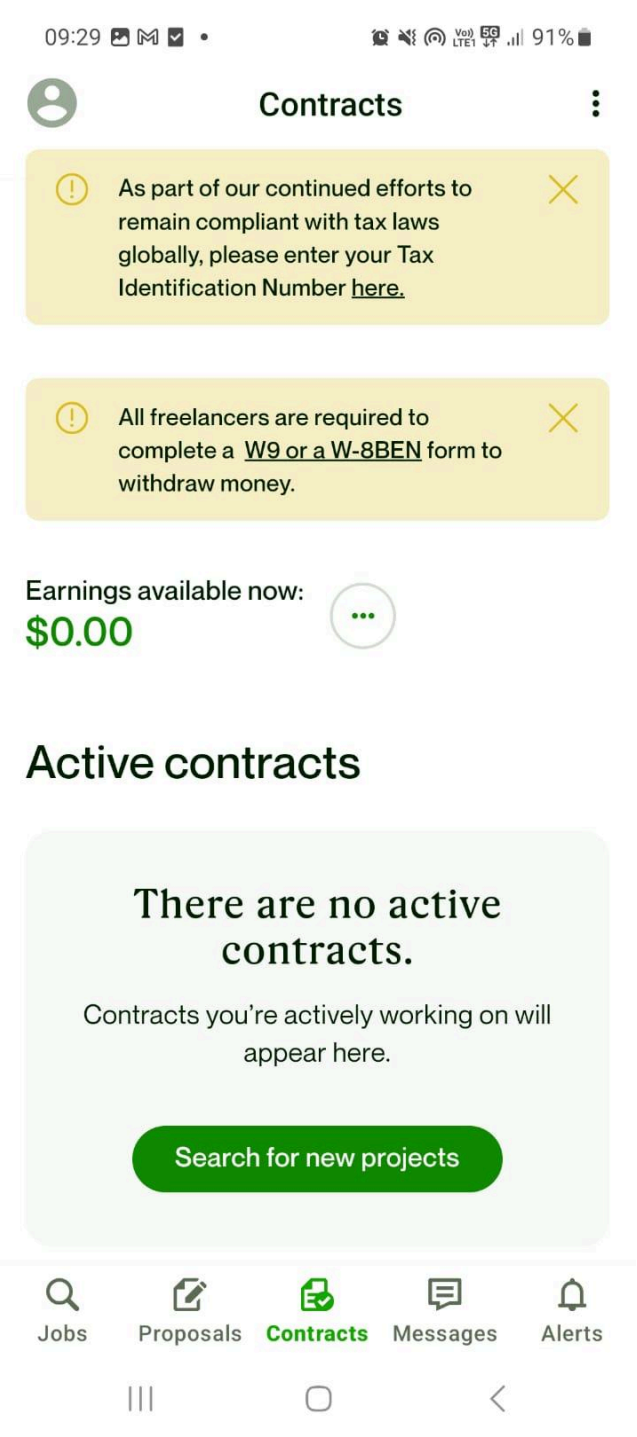

Roll no: 16

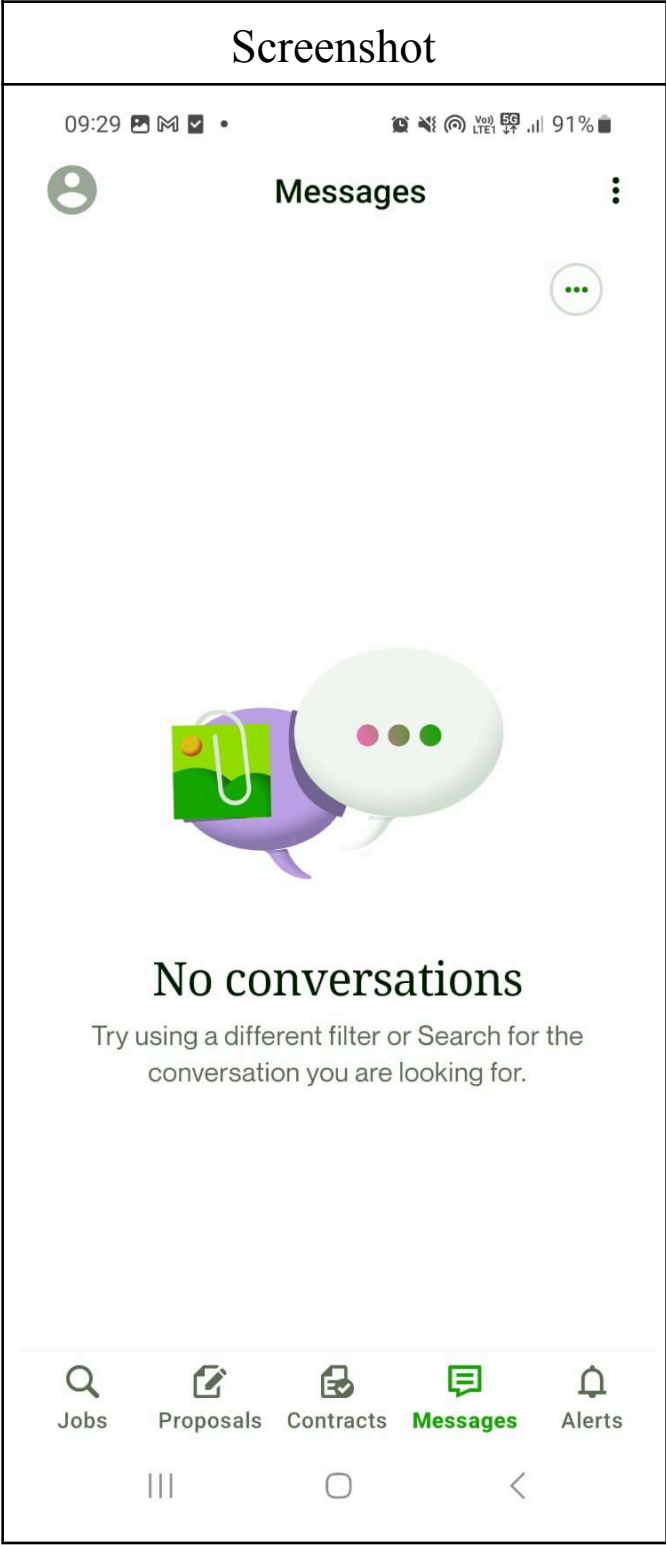

Aim: Selecting features for application development, the features should comprise of:

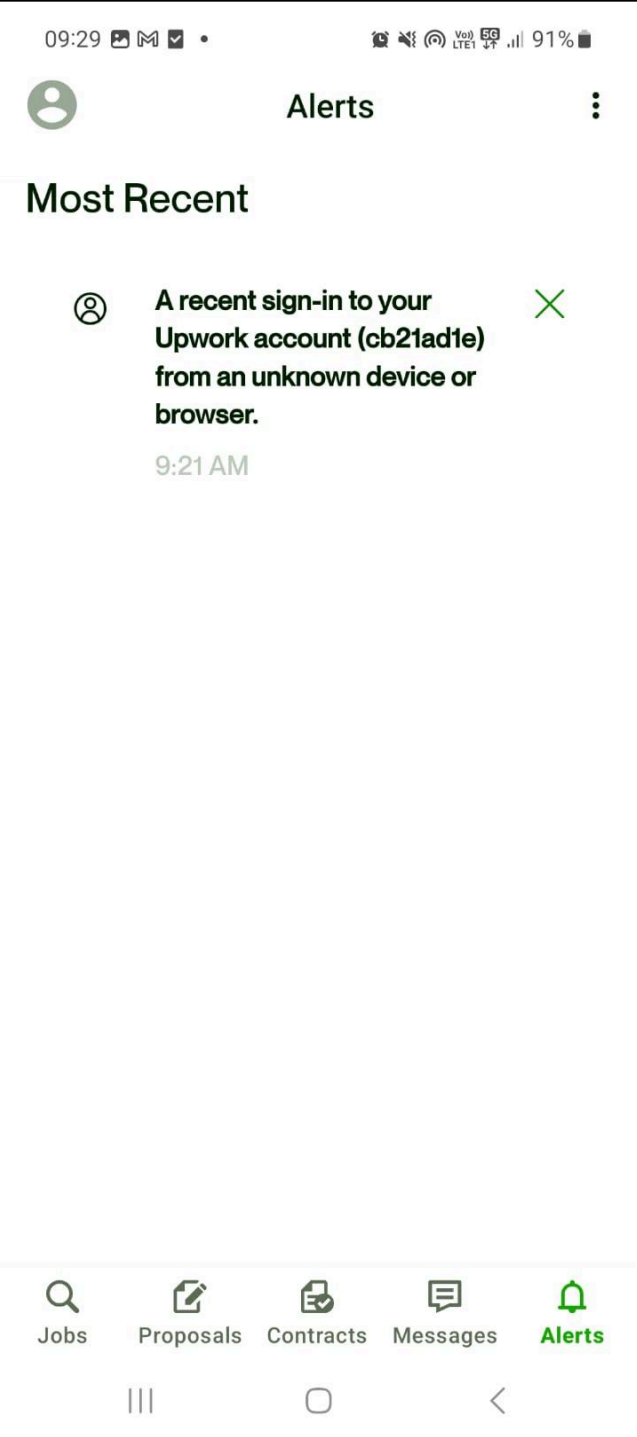

1. Common widgets
2. Should include icons, images, charts etc.
3. Should have an interactive Form
4. Should apply navigation, routing and gestures
5. Should connect with FireBase database

Screen-shot	Features
 <p>The screenshot displays a mobile application interface for a 'Jobs Portal'. At the top, there's a status bar with the time 09:28 and battery level at 91%. Below the status bar is a header with a user profile icon, the word 'Jobs', and a menu icon. A search bar with the placeholder text 'Search for jobs' and a heart icon is positioned below the header. Under the search bar, there are two tabs: 'Best Matches' (selected) and 'Most Recent'. A descriptive text states: 'Browse jobs that match your experience to a client's hiring preferences. Ordered by most relevant.' The main content area lists two job postings. The first is 'Excel Data Mining', posted yesterday, with a fixed-price contract, expert level, and an estimated budget of \$20. It includes a description: 'Looking for someone to help me take information that is already in Excel and help m...' and a 'more' link. Below the description are tags for 'Data Mining', 'Lead Generation', and 'Python'. It also shows 'Payment unverified', '\$0 spent', and 'United States'. At the bottom of the listing, it says 'Proposals: 5 to 10' and 'Connects to apply: 8 Connects'. The second job posting is 'Online MSAccess Query Designer', also posted yesterday, with a similar layout. At the very bottom, there is a navigation bar with icons for 'Jobs' (selected), 'Proposals', 'Contracts', 'Messages', and 'Alerts'.</p>	<h3>1. Jobs Portal</h3>

here.' Below the notification are four white rounded rectangular boxes, each with a shadow: 'Offers (0)', 'Invitations to interview (0)' (which includes a toggle switch set to 'off' and a green edit icon), 'Active proposals (0)', and 'Submitted proposals (0)'. The bottom navigation bar contains five icons: a magnifying glass for 'Jobs', a green pencil for 'Proposals' (highlighted in green), a document with a checkmark for 'Contracts', a speech bubble for 'Messages', and a bell for 'Alerts'. The Android system bar at the very bottom shows the navigation icons: three vertical lines, a circle, and a back arrow."/>	2. Proposals

	3. Contracts Page

Screenshot	Feature
 <p>The screenshot shows the Messages app interface. At the top, the status bar displays the time 09:29, signal strength, LTE1, 5G, and 91% battery. Below the status bar, there is a header with a profile icon, the word "Messages", and a three-dot menu icon. A circular button with three dots is also visible. The main content area features a large illustration of two speech bubbles, one purple and one white, with a paperclip icon. Below the illustration, the text "No conversations" is displayed, followed by a message: "Try using a different filter or Search for the conversation you are looking for." At the bottom, there is a navigation bar with five icons: a magnifying glass for "Jobs", a pencil for "Proposals", a document with a checkmark for "Contracts", a speech bubble for "Messages" (which is highlighted in green), and a bell for "Alerts". Below the navigation bar, there are three icons: a hamburger menu, a circle, and a back arrow.</p>	4. Messages

Screenshot	Feature
 <p>The screenshot shows the 'Alerts' section of the Upwork mobile app. At the top, the status bar displays the time 09:29, signal strength, 5G LTE1, and 91% battery. The app header includes a profile icon, the title 'Alerts', and a menu icon. Below the header, the section is titled 'Most Recent'. A single alert is displayed: 'A recent sign-in to your Upwork account (cb21ad1e) from an unknown device or browser.' with a green 'X' icon to its right. The time '9:21 AM' is shown below the alert text. At the bottom, a navigation bar contains icons for Jobs, Proposals, Contracts, Messages, and Alerts (which is highlighted in green). Below the navigation bar are three standard Android navigation icons: a square, a circle, and a triangle.</p>	5. Alerts
